	BPIR - G12.3.7 G12 Water Supplies	This product complies with Building Code Regulation G12.3.7 G12 Water Supplies

Elementi Neo Basin Mixer is a stylish yet modern bath fixture with clean, crisp lines and understated, geometric curves. Its forward-thinking design offers the perfect fusion of sophistication and simplicity, combining sleek looks without the harsh angles associated with traditional mixers. In four lovely finishes—chrome, brushed nickel, gun metal, and black—it's suitable for any design, from sleek to industrial.

Perfect for residential and light commercial use, the Neo Basin Mixer is an excellent choice for kitchens, bathrooms, and laundries in a variety of settings, including hotels, motels, and retirement villages. With its 3-star WELS rating for low/unequal pressure at 8 litres per minute, and 5-star WELS rating for mains pressure at 6 litres per minute, it offers both water efficiency and high performance.

Elementi Neo Basin Mixer has ball valves with integrated check stop for greater durability and efficiency. Owing to the utilization of superior cartridge technology, this mixer allows for easy control with a liberal operating angle and smooth, precise action. Smooth flow aerator minimizes scaling without compromising the even water flow.

With its flawless finish, the Neo Basin Mixer is built to last, with long-lasting durability. The electroplated chrome, gun metal, and black finishes give a hardwearing and smooth surface. It is also BPIR - B2.3.1 Durability and G12 Water Supplies certified for your confidence.

With the support of a 5-year warranty on coloured and chrome finishes, and a 10-year warranty on chrome finishes, the Neo Basin Mixer is a solid, stylish answer to any bathroom.
