This product complies with Building Code Regulation G12.3.7 G12 Water Supplies

The Elementi Cura Basin Mixer in Chrome combines cutting-edge design with world-leading performance, providing style and assured performance for your bathroom. Constructed with the best manufacturing technology, this basin mixer is suitable for residential and light commercial use, and is ideal for kitchens, bathrooms, and laundries in private residences, hotels, motels, and retirement villages.

With a 6 Star WELS rating design, Cura Basin Mixer is accompanied by an efficient 4.5L/min water flow with which you get to enjoy your green and environmentally friendly water experience without compromising on performance. Having a lead-free brass body that has no more than 0.25% lead, it is international standards compliant, keeping your family and the environment safe.

The Cura Basin Mixer is both effective and incredibly long-lasting. The mixer also boasts an excellent finish for sustained shine and durability with the latest plating technology. The ease of control with a high-technology cartridge system in the mixer provides the apparatus with ease to handle and seamless running with great operating angles to enable easy handling in daily application.

Strong enough to withstand the test of time, Elementi Cura Basin Mixer is BPIR - B2.3.1 Durability and G12 Water Supplies compliant, so you can be sure that it's safe and compliant as far as quality and conformance are involved. And to further guarantee its durability and performance, it comes with a 10-year warranty.

Renew your bathroom with Elementi Cura Basin Mixer and enjoy an impeccable blend of minimalistic design, enhanced functionality, and long-lasting quality.
