Why WasteMaster?

A hygienic way to manage scraps

WasteMaster food waste disposers provide a hygienic and convenient solution for dealing with leftover meals and scraps.

No smells, no pests

Instead of putting food waste in the bin, where it can smell and attract pests, the disposer grinds it into small particles for easy disposal.

Fast, fuss-free waste removal

Ground food waste flows straight through your plumbing to the sewer system. No mess, no waiting, no trips to the bin.
