BRONZE

CONSTRUCTION: Low-lead brass body

CARTRIDGE: Cermaic with Fastflow II technology

CLASSIFICATION: Suitable for all pressure systems

INLET CONNECTIONS: 1/2" BSP Male

OUTLET CONNECTIONS: 1/2" BSP Male

WORKING PRESSURE: Unequal Hot min 17 kpa. Unequal Cold min 300kpa (if supply exceeds 500kpa a pressure limiting valve must be installed)

OPTIMUM PRESSURE: 35 - 500kpa

OPERATING TEMPERATURE: 5 °C - 70 °C

- An evolution of Waipori's distinctive tapered design
- Precise temperature transition from cold to hot minimises the risk of scalding
- Constructed from lead free brass
- Featuring EasySwitch, the universal in-wall body system that allows you to install your in-wall body now and select your design and finish later
- Methven Fastflow II technology controls the hot and cold mix in your shower to maintain a constant flow and temperature, even with unequal water pressure.
- Chrome or PVD finish for striking design & durability
